

BIDCO Update

"Promoting Economic Growth and Development"

Sept 2008

PRESIDENT'S REPORT

The Chamber, BIDCO, and the City adopted several goals to work on during the next calendar year. A few of them are more team building in nature but a few of them are really geared toward improving the town and making Belmond attractive for new business.

Please read the goals below and help us as we try to work toward these initiatives.

A few key people could not make the meeting so their names were nominated to help with some of the committees. If you fall within this description please feel free to call me and discuss your role with this important project.

WEB PROJECT Focus Area

We are continuing to build upon the Recreation area of the web site. This area will only be expanded with the input of community members.

So far I've received several new photos about hunting now that the season is upon us. Please take the time to send me some photos of your favorite local recreation item so it can be added to the web site.
